At Libertyville, Ill., Stevenson hailed the outcome as "a portent of things to come" - an obvious allusion to 1956-but with a twinkle he added quickly that it had "nothing whatever to do with whether I'll run again for the Presidency."

In some respects, the results appeared to enhance Stevenson's chances of heading the Democratic ticket two years hence. The party's 1952 standard bearer stumped vigorously throughout the country in a drive to put Democrats back in control of Congress, and carried the brunt of the fight on the na-

Girl Dies Of Strangulation

Patricia N. "Patsy" Hayson, nine-year-old daughter of Mr. and Mrs. Frank Hayson of 25 Highland Ave., Wells, died yesterday afternoon in the stairway of her home, where she became accidentally entangled in strips of cloth being prepared for rag rugs.

Dr. Otto S. Hult, Delta County coroner, listed the death as caused by accidental asphyxiation.

Sheriff's officers who investigated the accident said the girl suffered from a physical handicap. Apparently while playing on the stairs she fell and the strips of cloth tangled about her neck, they reported. She fell about 10 steps and her body was about three steps from the bottom of the stairs, according to the report.

Mrs. Hayson, who had been in the yard hanging clothes to dry, found her daughter at 3 p. m., when she returned to the house. The girl was rushed to St. Francis Hospital. Resuscitation efforts were not successful.

Patricia was born in Wells Dec. 19. 1943. Surviving besides her parents are four sisters, Mrs. Donald (Helen) Blanchette and Miss Mary Hayson of Duluth, Mildred and Lucille at home; three brothers, Frank of Duluth, Nicholas of Escanaba and Louis

Jury Hearing **Assault Case**

Trial of Clarence Stoneclift, of Escanaba, on a charge of resisting an officer began in Delta County Circuit Court before Judge Glenn H. Jackson this morning.

Trial up to noon was taken up with selection of a jury and testimony by Paul Sullivan, a city police officer, the chief complaining

Sullivan testified that he stopped a car driven by Stoneclift on Oct. 2 in the vicinity of the Harnischfeger plant on Stephenson Ave. He told the defendant that he was under arrest and that Stoneclift insisted that he couldn't arrest him. Stoneclift attempted to drive away and when he policeman sought to deter him Stoneclift slugged him with a blackjack and kicked him the police officer testified. UP Potato Show **Dinner Tonight**

Upper Michigan's 25th Annual Potato Show will come to a close this evening with a banquet to be held in the parlors of St. Joseph's

Highlighting the program will be the announcement and crowning of the U. P. Potato Queen, announcement of top potato producers and winners of awards and a talk by R. H. Kaven, Gogebic County Agricultural agent.

Kaven's talk will deal principally with his experiences in India where he served more than four years with the Technical Cooperative Mission as a part of the Point Four Program. His work in India dealing almost exclusively with agriculture in that land, his observations should be timely and interesting.

He will suuplement his talk with pictures he took in the course of his operations.

Other numbers of a strictly entertainment nature, will also be presented at the banquet.

The Democratic swing in Michigan was particularly noteworthy in such traditionally Republican counties as Menominee and Schoolcraft, both of which fell into the Democratic column this time.

Nevertheless, both of the Upper Peninsula's Republican congressmen, John Bennett in the 12th district and Victor Knox in the 11th, were reelected by safe margins in Tuesday's voting.

A very surprising upset was the defeat of Sen. Wm. Ellsworth of St. Ignace by Edward H. Gibbs, Perkins Democrat. The senatorial district, stretching from Menominee to Sault Ste. WASHINGTON-(NEA) - The parade of foreign dignitaries to Washington is to be so heavy this fall and winter that they're talking about putting a traffic control desk in the State Department's Office of Protocol, to keep the celebrities from running into each other.

President Eisenhower had no more than returned from Denver than President Tubma of Liberia and Prime Minister Mohammed Ali of Pakistan arrived. Their visits overlapped.

Next on the list was Germany's Chancelor Konrad Adenauer, Oct. 27-29.

Queen Mother Elizabeth of Britain will be in Washington Nov. 4-10, during her

three-week visit to the U.S. and Canada. Prime Minister Yoshida of Japan is now scheduled to overlap the queen mother's visit. His trip to Washington was postponed many times during the year, but it's now set for Nov. 8-10.

Premier Pierre Mendes-France of France is due the week of Nov. 15-19-give or take a few days in either direction, depending on how affairs shape up for him at home. Austria's Chancellor Dr. Julius Raab will follow Nov. 21-24, just before Thanks-

Sir John Kotelawala, prime minister of Ceylon, is due Dec. 6-9.

The procession will let up during the Christmas holidays, but Col. Paul Magloire, president of Haiti, will be here Jan.

PRIME MINISTER Mohammed Ali of Pakistan, on his official visit to the United States took time out to buy his young son a pair of toy six-shooters.

"As long as you're going to have to fight Indians," the prime minister was told by National Press Club President Ernest Vaccaro, "it's probably just as well you have a cowboy in the family."

Couldn't Sleep Couldn't Eat

Maybe you aren't very sick and yet you don't feel really well. Perhaps you suffer from headaches, indigestion, nervousness, gas and bloat, loss of sleep or lack of appetite. Frequently these symptoms are caused by constipation. When that's the case be smart and like Mr. Peter Bothen of Chicago, Illinois, take

Dr. Peter's KURIKO

Mr. Bothen states: "I suffered very badly from functional constipation and my bowel movements were not very regular. Since taking KURIKO when needed I feel much better. My appetite is improved and I can aleep at night."

Gently and smoothly this time-proven laxative and stomachic-tonic medicine puts aluggish bowels to work and aids them to eliminate clogging waste matter; helps expel constipation's gas, gives the stomach that comforting feeling of warmth.

KURIKO'S amazing effectiveness is due to a scientific formula which combines 18 (not just one or two) of nature's medicinal herbs, roots and botanicals—a secret formula perfected over a period of 80 years. Yes, for prompt, pleasant proven relief from constipation's miseries—get Dr. Peter's KURIKO today.

No self-respecting pedestrian, walking on the highway shoulder, would be dumb enough to step into a puddle of water when withn one step there is that nice dry pavement. With his mind on the puddle he may well forget that a car may be

coming — at 60. A pedestrian on the loose on a high speed highway is always bad news for a motorist. All you can do is to slow down, prepare to dodge and try to "second guess"

For a motorist to fail to recognize any pedestrian ghead as a hazard is as foolish as a sea captain failing to take special precautions when he reaches shoal water or the fog begins to roll in.

Will Keep Minds On The Sermon

WEST DES MOINES, Iowa ... The ceiling in the new West Des Moines Methodist Church is made of acoustical board with the holes scattered at random, instead of

set in straight lines. The Rev. J. Henry Teele explained:

"The committee chose the kind with the holes spattered across it. Now nobody who happens to glance up when he's in church will begin to count the lines of perforations and forget to listen to my sermon."

Boosts His Rank On Retirement

FT. HUACHUCA, Ariz. (A) Hugh Stark retired from the Army as a corporal and jumped at once on the retired list to the rank of lieutenant colonel. A veteran of 20 years in the Army, Cpl. (Col.) Stark saw action in the European Theater during World War H. On his discharge after the war he resigned his commission and re-enlisted in the Regular Army.

'Stow The Stogies' Sleuths Are Told

West Germans Get Nobel Prize

By GUSTAV SVENSSON

STOCKHOLM (AP) - The Royal Swedish Academy of Science awarded the 1954 Nobel Prize in physics jointly to two West German scientists who helped lay the foundation of modern nuclear physics.

The physics award of 181,646 krona (about \$35,000) will be split equally between Prof. Walther Bothe, 63, of the Max Planck Institute at Heidelberg, and Dr. Max Born, 73-year-old pioneer in theoretical physics who fled from the Nazis to Britain in 1933 but who since his retirement from the University of Edinburg has lived at the West German health resort of Bad Pyrmont, In Hannover. Californian Cited

Later the academy voted the annual chemistry prize to Dr. Linus C. Pauling, controversial California Institute of Technology professor, for his work on protein molecules.

Selection of Dr. Pauling gives to America three of the four 1954 awards from the fund established by the will of the late Alfred Nobel, Swedish inventor of dynamite.

The prize for medicine and physiology was awarded on Oct. 21 to three U. S. scientists-Dr. John F. Enders and Dr. Thomas H. Weller of Harvard University and Dr. Frederick C. Robbins, now at Cleveland's Western Reserve Medical School-for their discoveries in the fight against polio. A week later the prize for literature was voted to novelist Ernest Heming-

The Norwegian Nobel committee has announced the annual peace prize which it awards will not be given this year.

Recovering From Crashes The awards will be presented in Stockholm Dec. 10 by Sweden's King Gustaf VI. Hemingway will be unable to attend because he is still recovering from injuries suffered in two plane crashes in East Africa last January.

The Swedish academy said Born was chosen for the physics award "for his fundamental works in quantum mechanics, especially his statistical interpretation of the wave function." This expression in formulae of the previously mysterious "wave function" within the atom has enabled scientists to calculate various sttes of the atom.

Bothe was cited for his "coincidence method and the discoveries he made with it." From his findings was developed one of the major precision instruments of nuclear science, enabling scientists to measure time spaces within the atom of less than a billionth of a second.

GOODMAN BOTTLED GAS CO.

1017 Ludington St., Escanaba-Ph. 2858

712 Delta Ave., Gladstone-Ph. 9-2701

BIG SWITCH FOR "LITTLE INCH" - The famous "Little Inch" natural gas pipeline may be an ace literally "in the hole" for Uncle Sam in case of war if an application filed with the Federal Power Commission is approved. It is from the Texas Eastern Transmission Corporation and seeks permission to reconvert part of the company's pipeline facilities to petroleum products transportation service. The Little Inch

section would extend about 1168 miles, from near Baytown, Tex., to Moundsville, W. Va. On conversion, the 20-inch diameter pipeline could transport up to 9,870,000 gallons of petroleum products daily. Substitute natural gas lines would be constructed to maintain the natural gas system's present delivery capacity. Little Inch was originally constructed during World War II to carry petroleum products.
